Hiring Manager

Exponentia.ai

Dear Hiring Manager,

I am writing to express my enthusiasm for the Senior Generative AI Engineer position at Exponentia.ai. With a robust experience as a Senior AI Annotation Engineer at Eligarf Technologies, I have honed my skills in designing and deploying advanced GenAI and LLM-driven solutions. I am excited to bring my expertise in AI systems and team leadership to your innovative organization, which is at the forefront of AI transformation.

At Eligarf Technologies, I designed and deployed end-to-end AI solutions, leveraging my skills in Generative AI, Agentic AI, and Reinforcement Learning. My hands-on experience with LLM fine-tuning, RAG pipelines, and vector databases, aligns with the technical leadership and architectural design requirements outlined in your job description. I successfully engineered OfficeBuddy, a GenAI-powered internal assistant, which significantly optimized enterprise knowledge searches. This project is a testament to my ability to convert complex business problems into scalable AI solutions.

Your emphasis on innovation, quality, and governance resonates with my professional values. I

have led teams to achieve high-quality benchmarks, and I am adept at mentoring junior engineers and enforcing best engineering practices. My technical proficiency with Python, PyTorch, TensorFlow, and cloud platforms such as AWS and Azure, further complements the needs of Exponentia.ai.

I am particularly drawn to Exponentia.ai's mission to redefine work through AI and human intelligence integration. The opportunity to contribute to and learn from a highly skilled team, while impacting global enterprises, is immensely appealing. I am eager to bring my passion for AI innovation and strategic thinking to your team.

Thank you for considering my application. I am looking forward to the possibility of discussing how my background, skills, and enthusiasms align with the goals of Exponentia.ai. I am ready to contribute to the continuous growth and success of your esteemed company.

Warm regards,

Sudarshan Lakshate
